

Welcome to the new online [Lowcountry Scholarship Portal](#)

We're happy to announce a new and improved scholarship portal! Please read the following instructions prior to applying for a scholarship. This will maximize your experience and ensure your ability to apply for all scholarship(s) for which you are eligible.

Returning Students:

If you are a returning student, applying for a scholarship you have received in the past, please contact [Debbie Cahoon](#) for instructions on the re-application process. You will not complete an eligibility quiz or enter a code. Your re-application will be assigned to you. It is your responsibility to complete this follow-up application prior to the deadline date. You must contact [Debbie](#) to inform her of the user account YOU have set up in the new [Lowcountry Scholarship Portal](#) as soon as possible.

New Students:

If you are a new student and you are applying for a traditional Lowcountry or Gulfstream dependent scholarship, you must complete an eligibility quiz.

- To be considered for each scholarship, make sure that you answer every question on the quiz. YOU MAY CHECK ALL APPLICABLE BOXES.
- Review scholarship guidelines prior to completing the quiz. Please contact [Debbie](#) and ask for assistance if you feel you were excluded from a scholarship opportunity that you should be eligible for. The quiz can be reset, but please complete it with enough time to correct any mistakes. We cannot reset the quiz after the scholarship deadline date. **It is your responsibility to seek assistance in a timely manner.**
- Once you have been approved for one or more scholarships, you will need some of the following information (depending on individual scholarship requirement). Please review the guidelines and have the information handy.
 - Parent's Employee ID and location if you are a Gulfstream dependent
 - PDF copy of your Student Aid Report (from your FAFSA) for scholarships that consider financial need (Please include all pages.)
 - PDF copy of your SAT and/or ACT Score Report from College Board
 - Email address for counselor or record keeper who will upload your transcript into your application. (required)
 - Email address for reference(s) who have agreed to provide a letter of reference or answer a questionnaire on your behalf. (required)
 - Information from parent's most recent 2 tax returns for all scholarships that consider financial need. (Please provide information for both the custodial and non-custodial parent if applicable).

If you have any questions, please email [Debbie Cahoon](#) or call her at 843.681.9100.
